Yasmin Fennou Jabal

FULL STACK DEVELOPER

Madrid, Spain · Available

PROFESSIONAL SUMMARY

Full Stack Developer experienced with React, Next.js, TypeScript and Node.js, PostgreSQL and Supabase databases, APIs and integrations. I build web solutions from implementation to deployment, combining hands-on development with technical project coordination and client communication.

PROFESSIONAL EXPERIENCE

Esphera.ai

January 2025 – Present

Full Stack Developer & Customer Success

- Build and maintain web solutions with React and Next.js, implementing features, integrations and technical fixes.
- Coordinate ERP implementations and integrations, gather requirements and collaborate with engineering teams.
- Work directly with clients on onboarding, support and issue tracking, with knowledge of accounting and administrative workflows.

XtraMakers

February 2026 – Present

Web Developer & Web Project Manager

- Lead web development: build sites from scratch using WordPress, Elementor and custom PHP, HTML, CSS and JavaScript.
- Handle full migrations, hosting, DNS, SSL, maintenance, debugging and performance optimization.
- Manage web projects, requirements, deliveries and direct client communication.

Freelance

January 2022 – Present

Freelance Full Stack Developer & Web Solutions Specialist

- Build web apps using React, Next.js, TypeScript and Node.js; APIs and PostgreSQL, MySQL and Supabase databases.
- Create websites and e-commerce solutions with WordPress and WooCommerce; integrate payments, logistics and ERP services (Stripe, PayPal, Sendcloud, Holded).
- Manage deployments, Linux VPS, Docker, migrations, maintenance and end-to-end client projects.
